£500 Co-op Community grant

Step 1 – Your details will either auto-populate from your membership account or please enter them manually.

Step 2 – Please enter your group's organisational information here and in 100 words or less describe what your group does. Select the social cause your group is most aligned with and what type of group you're registered as.

Step 3 – This page is where you get to explain your project in detail. Briefly say in the first field what your project will be and include how the money will actually be spent. The following two fields should see you tell us how your project effectively engages the wider community and is bottom-up in its structure.

Project Details

The details of the project for which you are applying.

1 2 ③ 4 5 6

What will you use your donation for?* ⑦

Explain how your project builds strong relationships in and across communities*

Additional Advice ⌄

Step 5 – We are building a resource that allows every group to advertise their project and their group itself. It is an essential part of us giving the grant out so we can effectively engage with everyone and produce an online community, we require text and some pictures from each group to build this resource.

Low Level Grant

How we engage with you   1 2 3 4 (5) 6

We will create the 'shared practice resource' that successful grantees must participate in, this requires you to write 5 small text sections of information and provide 5+ pictures. With this we will create a public document that shares the work that each group is doing and can be used as a creative tool to allow for future groups to gain inspiration and build networks. Every 3 months we update the resource online for everyone's viewing.

The shared practice resource is split into two timeframes: Pre grant info and post grant info that is put together to create a singular profile for the group. Pre grant: Context, Planned activity. Post Grant: The grant activity, outcomes, reflection.

☑ I agree to providing this information.

☑ I agree for my contact info to be put on the shared resource for other groups/individuals to contact them.

Social Media Accounts

Should you wish for your group's social media to be visible on the shared practice resource for public view, please put them here:
